HOME TOWN STUFF

A letter comes to hand by a recent post that is provocative of discussion, or rather it would be, if printed in full. It starts off in a rather familiar way in addressing the author of this column. It says: "Home, Dear," by way of salutation. That is a trifle familiar and is out of keeping with the dignified title worn by the writer hereof, namely, Home Town. But that is not the principal feature of the letter's contents.

It starts out with an inquiry concerning the purported negligence with regard to the lights in one of the letters of the electric sign atop the Wilbarger Hotel. Such negligence, if it exists, the writer of this column not being a nocturnal wanderer and therefore can't testify concerning the lights, or lack of same, in the various electric signs in this our beloved city—such negligence, if it is negligence, as we started out to observe, might be explained in a number of different ways. H. T. always knows what the matter is when the lights at the Nabers Street boarding house are turned off. He knows exactly, by consulting the calendar. If the occurrence occurs, as one of our local classicists would likely say, about the 11th or 12th of the month. It is one cause. If it occurs at some other time of the month, it is because the fuse is burned out.

But since the proprietor of the Wilbarger Hotel is amply able to explain why, if there is a reason, the letter "L" in the word "HOTEL" has no illumination to show its location after dark. So let that pass. The writer of this latest communication, signs himself "Papa." H. T. almost thought the letter was from a lady when it started off in an endearing sort of way, "Dear Home." Let Papa find out for himself about the electric lights. But he is not content. He asks why do young ladies sometimes go about homeless. That kind of a question is easy. It is just as simple as to say 2 plus 2 equal 6. He goes farther into the discussion of the latest modes and customs among the opposing sex. But this is far enough. H. T. is an orthodox Methodist, which means he isn't much of a modernist like some Methodists, and a regular Democrat—as regular as the tides—and therefore knows when it is time to stop discussing details of certain very interesting subjects. He knows. He does.

Another writer wants to know when, or rather how soon, it will be possible to drive an automobile to Crowell all the way on concrete. H. T. dislikes to publicly admit he doesn't know, and when he doesn't know a guess will be made. It will be time for Santa Claus to come before all the pavement is laid between Vernon and Crowell.

Yesterday's election was to determine some important questions with reference to our government. There were only a few voters who took sufficient interest to record their judgment concerning the two matters submitted. If you want to get people out to vote it is necessary to make them mad about something or make them think that the election of some certain candidate will mean that certain things will get all the nice people. They won't turn out in great numbers to vote for anybody or any measure. To get 'em out you've got to get them against something or somebody. That's why self-governing church congregations nearly always lead in attendance. Everybody is afraid the others will meet and turn them out.

Some are complaining about the hot weather and declare that we need rain. Rain will come in due time to assure a good cotton crop.

Two Fined On Drunk Charges. Two Vernon men were arrested on a charge of drunkenness Tuesday afternoon and were fined in Justice Court this morning.

HOTWEATHER IN CANADIAN BELT CAUSE OF HIKE

Apprehension Over Yield for Spring Crop Causes Alarm Among Traders Who Engage in Feverish Buying in View of Bullish Reports.

Chicago, July 17.—(A-P)—Another wild outburst of buying carried wheat prices up more than eight cents a bushel today, and December contracts swept past the \$1.50 level in the sensational spot. Closing prices again were at or near the top figures for the day, with the December delivery at \$1.54 5-8 to 7-8 a bushel.

The day's advance for wheat was from 7 7-8 to 8 5-8 cents, and other grains scored strong advances too.

The flood of orders to buy wheat almost submerged the pit as world markets skyrocketed. Fear that dry, hot weather would inflict almost a total loss to spring wheat growers in Canada and the domestic north-west was increased today as reports came of 100 degree temperatures. Prices mounted spectacularly at Winnipeg and at Liverpool as well as in this country, and heavy buying was reported here for export to Europe.

Winnipeg, Man., July 17.—(A-P)—One hour before the close of the Winnipeg grain market today wheat bounded skyward, July mounting 9 1-2 cents to \$1.77, October 3-8 to \$1.68 3-8 and December 3-4 to \$1.64 1-4. There was a frantic rush to buy in the pit on receipt of further unfavorable weather reports. Continued dryness in western Canada and northwestern United States was reported with no forecast of rain.

BOND IS FIXED FOR 2 YOUTHS

PRELIMINARY HEARING IS HELD IN LOCAL ROBBERY CASE

Frank Oates, 17, and Charles Reid, 17, both of Childress, charged with burglary in connection with the looting of Levine's Department Store here Sunday night, were given hearings in Justice Court yesterday afternoon and bond was set at \$1,500 each. They were returned to the Wilbarger County jail upon failure to make bond, and will await action of the grand jury which meets August 19. In case of an indictment they will be tried jointly at the next session of District Court in August, it was learned this morning.

J. M. Copelin, 14, also of Childress, who was arrested with Oates and Reid and charged with burglary in the same connection, was paroled to his parents by Judge Robert Cole yesterday afternoon at the request of Attorney E. L. Gossett, appointed by the court to defend the youths. Copelin will appear before the Court in August, officers said.

The three youths were arrested Monday morning at 4 o'clock in a garden near Frisco railway, following a report of the robbery of Levine's store, together with a tip that three suspicious characters were reported seen near the tracks following the robbery, local officers said. City and county officers made a search and Policeman L. C. Cole arrested Oates, Reid and Copelin after finding them asleep near the tracks.

All of the youths were reported to have confessed to the unlawful entering of the store and the stealing of approximately \$200 worth of merchandise, consisting of suits, shirts, trousers, hose, and shoes. W. S. Currin and F. P. Capps, townsmen for the Frisco Railroad, reported seeing the youths hide four suit cases full of wearing apparel near the tower Sunday night, officers said.

MEXICAN REBEL CHIEFS AGREE TO LAY DOWN ARMS

Mexico City, July 17.—(A-P)—The Mexican Government today announced that Andres Salazar, chief of the rebel movement in the State of Colima, has agreed to surrender and had been given 15 days in which to concentrate his men, said to number more than 300. They have been promised safe conduct to their homes.

Seventy-five rebels headed by the Chief of the Rebel Movement, Plutarco Ramirez, and Luis Marquez surrendered yesterday at Toluca, Colima.

NO LOANS FROM FARM BOARD TILL PLAN IS READY

Washington, July 17.—(A-P)—The federal farm board announced today no loans would be made out of its \$150,000,000 fund available pending a determination of policy.

Of the \$500,000,000 authorized by Congress for the use of the board, \$150,000,000 was appropriated and there are indications quite a number of requests are already on hand for portions of the money.

Announcement also was made by the board that when loans are made the board will deal only with officials of cooperative marketing associations.

CITY OCCUPIES NEW BUILDING

OFFICERS MOVE IN BUT FIRE DEPARTMENT MOVE IS DELAYED

At noon today all of Vernon's city officers were situated in their new quarters in the new \$100,000 municipal building, according to Mayor H. D. Hockersmith. After remaining in temporary offices across the street from the new building for almost a year, the officials expressed their pleasure at the new quarters. New furniture has been provided for almost every office.

The offices of the City Secretary, City Engineer, police department, and city light and water secretary are located on the main floor. The second floor is occupied by the Mayor's office, the City Commission assembly room, and firemen's quarters. Two offices on this floor are vacant at present. An auditorium with a seating capacity of 750 occupies the third floor. Offices of other city employees are in the half-basement. The city jail and heating plant are also located on this floor.

Fireman John Huntley repeated a statement this morning that it was doubtful that the fire department would be moved to the new location this week, due, he said, to the delay in installing electrical equipment. Electricians are completing the work this week, and all of the fixtures must be complete before the trucks can be moved, Mr. Huntley said.

Continue Pumping at Castlebury Well Eight Miles South

Pumping is being continued at the Hemisphere Oil Company's No. 1 well on the R. L. Castlebury place, eight miles south of Vernon, operators reported this morning. The sand was topped at 1,510 feet last week and pumping started yesterday morning. Storage has been provided at the well for the production.

The well is located on the south line of section 67, block 14, H. & T. C. R. R. survey, and is a mile and a half from the nearest production and the nearest to Vernon of production in the oil fields of the district.

The Hemisphere Company will probably extend drilling operations in a development of the pool believed to be discovered by the No. 1.

NORMAN MAY BE PRINCIPAL OF AMARILLO HIGH SCHOOL

R. B. Norman, principal of Vernon High School for the past two years, left this morning for Amarillo where he will consult with the school board of that city relative to the principalship of the Amarillo High School. Before leaving he stated that there was nothing definite about his permanent removal to that city, but that a telegram this morning from school officials at Amarillo stating that his presence was requested there today indicated that the position is open.

HOUSTON VISITORS

Mrs. D. A. Leak, mother of J. V. Leak, Miss Lucille Leak and William Leak, brother and sister of Mr. Leak, all of Houston, are visiting Mr. and Mrs. Leak of Vernon. Accompanied by friends of Quannah the guests and hosts are spending the week at Lake Kemp.

SESSION NEARS END WITH MANY MEMBERS AWAY

Only Small Number of Members of House and Senate Remain in Austin To Wind Up Final Business of Special Session

Austin, July 17.—(A-P)—With every train carrying legislators away from Austin, indications today were that only a few members would witness the sine die adjournment of the third special session set for noon Saturday.

Only 13 Senators were present to transact what business remained on the calendar, and there was strong prospect of no quorum in the House when members convened this afternoon.

The Senate passed road laws affecting Rusk and Rockwall Counties and recessed until afternoon when a measure by Representative George W. Coltrin of Mathis, requiring the affidavit of a Sheriff, County physician or Warden of the penitentiary for a sane hearing, was up for consideration. Fate of the bill hinged on the question of whether an opponent might raise the point of order that a quorum was not present.

Local bills were on the Speaker's table in the House and one measure of a general nature was pending consideration. The latter, a bill by Senator Thomas B. Love of Dallas, would require schools to carry fire and tornado insurance. The measure was voted out favorably by the House committee on insurance last night.

FIRE DESTROYS OIL WELL RIG

NORTH VERNON PROPERTY LOSS WILL BE HEAVY, REPORTS SAY

Fire of undetermined origin completely destroyed the derrick of the North Vernon Oil Company's No. 1, wildcat location, section 39, block 12, H. & T. C. R. R. survey yesterday. The fire broke out Tuesday and the derrick and housing burned until last night.

The fire loss was estimated at about \$7,000 by company officials this morning which was partially covered by insurance. This estimate does not cover any damage which might have resulted to the machinery.

A meeting of company officials will be held this week to consider plans for rebuilding the derrick and resuming operations at the well. C. L. Sloan and son, C. L. Sloan, Jr., are expected to return to Vernon this week for a conference with the company officials. Mr. Sloan is drilling a wildcat test near Newlin in Hall County. Mr. Sloan and his son recently acquired a half interest in the holdings of the North Vernon Oil Company, to sink the test to greater depth for a thorough test of the territory.

DAWES AND M'DONALD TALK ON DISARMAMENT

London, July 17.—(A-P)—Informal conversations between Premier Ramsay MacDonald and Ambassador Charles G. Dawes on naval reduction have reached the point where the question of the Premier's visit to the United States is the subject of diplomatic negotiations, it was learned today.

These negotiations were said to be with regard to the time of the Prime Minister's visit and to making it effective in promoting the cause of naval disarmament.

NEGRO ADMITS CHARGE OF MURDERING AND ASSAULT

Montgomery, Ala., July 17.—(A-P)—Lester Boyer, 38-year-old negro, today confessed to state officers E. P. Smith and S. E. Tramm, they said, that he shot and killed Jack Hines, a mechanic near Eufaula, Ala., last Wednesday night, and assaulted and seriously wounded Hines' companion, Miss Beatrice Clark of Eufaula.

FIVE KILLED IN ACCIDENT

Niagara Falls, N. Y., July 17.—(A-P)—Two men, two women and a girl were killed today when their automobile was demolished by a train at a crossing near Cambria.

May Die

VICTOR BERGER SERIOUSLY HURT

SOCIALIST LEADER STRUCK BY STREET CAR AND MAY NOT LIVE

Milwaukee, Wis., July 17.—(A-P)—Rallying briefly from the coma in which he has lain since he was struck by a street car last night, Victor L. Berger, national Socialist leader and former Congressman, early today gave physicians hope he might recover despite his critical injuries.

Keeping watch with two doctors at the bedside through the night and today were Mr. Berger's wife, and his daughter, Mrs. Dorothy Welles, as well as several intimate friends and business associates.

Mr. Berger was struck by a street car while walking from the office of his newspaper to his home. Witnesses said he apparently became confused in the traffic and after dodging several automobiles seemed not to see the oncoming trolley.

Mr. Berger was taken to a hospital where doctors declared he had suffered a skull fracture and internal injuries in addition to a severe scalp wound and minor cuts and bruises.

DRY OFFICER CHARGED IN LIQUOR SHOOTING CASE

Tulahoma, Tenn., July 17.—(A-P)—A Federal prohibition officer and a Franklin County Constable face charges of shooting with intent to kill, Edwin Smith, 22, wounded last Saturday during pursuit of his automobile which officers said contained liquor.

A warrant against J. O. Anderson, the Federal officer, was issued yesterday, shortly after a case against Bruce Ashburne, the Constable, was continued to July 29.

The warrant for Anderson's arrest was issued upon information Ashburne did not fire the shot which wounded Smith.

CATHOLIC WOMEN DEPLORE IMMODEST SHORT SKIRTS

Salem, Ore., July 17.—(A-P)—A resolution urging women to wear dresses of sufficient length to cover their knees when sitting as well as when standing was adopted last night by the Catholic Women's Society in its national convention here.

Birth control and the new freedom for women were dealt with in other resolutions. Preceding the adoption of these, delegates to the society and to the Catholic Central Verein of America heard addresses deploring the alleged immodesty of present fashions in dress and the practice of birth control.

GERMAN PASSENGER SHIP ON ROCKS NEAR SHANGHAI

Shanghai, July 17.—(A-P)—The North German Lloyd steamer Derfflinger, bound from Dairen to Tsingtao, with 42 passengers, ran on the rocks at Chialentao, 40 miles from Tsingtao, today. Two holds were flooded. Salvage tugs proceeded to her assistance. The passengers were taken to Tsingtao by the American torpedo boat destroyer Paul Jones and part of the crew by the American gunboat Blackhawk. The American steamer Beaver stood by until the salvage steamers arrived.

POINCARE GETS SUPPORT FOR ACCORD ON DEBTS

Paris, July 17.—(A-P)—While Premier Poincare was confined to his bed today with exhaustion and extreme fatigue from his strenuous efforts on behalf of the debt accords with America and Great Britain, the French Chamber of Deputies gave him a second vote of confidence, 350 to 238, emphasizing the Government's victories of yesterday.

The Premier apparently has won a decisive victory over his opposition in the Chamber of Deputies and the feeling today was he would have no difficulty in securing ratification of the accords before the end of the week.

One victory yesterday came without a roll call when the eloquence of Aristide Briand led M. Franklin Bouillon to withdraw a motion for postponement of ratification until the Young plan becomes operative.

M. Briand denied America was a "shylock." "I had," he shouted dramatically, "the formidable honor of being head of the Government when the Americans entered the war. I know whereof I speak."

"In that desperate moment we called upon the men of the United States for our just cause. However bitter may be our internal debates in this painful discussion I can hear the heart of France beating in gratitude to America."

The entire Chamber arose to its feet and cheered as M. Franklin Bouillon withdrew his motion.

GIVE UP FOUL PLAY THEORY

OFFICERS CONVINCED NOW HUTCHINS MAN WAS ACCIDENT VICTIM

Dallas, July 17.—(A-P)—The theory that John O'Keefe, carpenter and ball player of Hutchins, near here, died the victim of an accident and not at the hands of a robber was generally accepted today by the authorities.

O'Keefe's body, mangled, was found yesterday on an interurban railway right of way near Dallas. His incoherent remarks just prior to his death first caused officers to suspect he had been murdered. But later indications were he probably fell beneath a moving freight train.

ST. LOUIS ENDURANCE FLIGHT NEARS 100 HOURS

St. Louis, July 17.—(A-P)—Dale Jackson and Forest O'Brien, piloting the "St. Louis Robin" of the Curtiss-Robertson Airplane Company, started the fifth day of their endurance flight at 7:17 a. m. today. At that hour the flyers had been aloft 96 hours.

A new load of fuel was taken on as the flyers completed their fourth day in the air. They reported the engine of their monoplane was functioning smoothly. Due to the success of the flight thus far, officials of the company now anticipate that Jackson and O'Brien will seek to better the present endurance record of 246 hours, 43 minutes.

A similar plane, the "Missouri Robin" was to go aloft today to start a second endurance flight to test the motor.

LIQUOR SMUGGLING TAKES LIFE OF NEW YORK YOUTH

Plattsburgh, N. Y., July 17.—(A-P)—An attempt to smuggle liquor from Canada has taken the life of the second Plattsburgh youth within a month.

Elijah E. Belgrade, 21, was killed yesterday when his automobile overturned while attempting to elude border patrolmen. The patrolmen said they found sixteen bags of ale in the machine.

One June 15, Arthur Gordon, also of Plattsburgh, was fatally shot after falling to heed a command by customs guards to halt.

AMERICAN TRANS-ATLANTIC FLYERS LAND IN FRANCE

Le Bourget, France, July 17.—(A-P)—The American trans-Atlantic airplane Pathfinder, with Captain Lewis A. Vance and Roger Q. Williams, landed at the Le Bourget flying field this afternoon from Rome.

LIGHT VOTE POLLED TUESDAY ON GOVERNOR'S SALARY HIKE AND LARGER SUPREME COURT

Dallas, July 17.—(A-P)—Proposals to increase the Governor's salary from \$4,000 to \$10,000 a year and to enlarge the State Supreme Court from the present three to nine members gained further favorable majorities on tabulation today of unofficial and incomplete returns from yesterday's constitutional amendment election.

Approximately 100 counties, cities or towns were represented in today's final compilation by the Associated Press, which gave the following vote: For increase of Governor's salary, 21,145; against 10,134.

For enlargement of Supreme Court, 21,670; against 9,757.

It probably was one of the most apathetic elections in the history of Texas, due to the absence of any political questions, and the final result will not be known until announcement of the official figures from Austin. Large cities gave the two amendments great majorities although the voting was the lightest on record. Most of the opposition came from rural districts.

In event official returns confirm the seemingly apparent adoption of the increased salary amendment, it would not become effective until January, 1931, at the close of Governor Moody's term. Mr. Moody repeatedly declared he would not accept any advance in remuneration unless it was to take effect after he leaves office.

The Supreme Court amendment would become effective 40 days from the date it was officially declared adopted after the canvass. The new court would come into life with appointment by the Governor of the six new members. Five members of the court would constitute a quorum and would require the assent of at least five members to render a decision.

COUNTY VOTERS FAVOR CHANGES

TWO AMENDMENTS LEADING IN RETURNS FROM TEN OF 23 PRECINCTS

Returns from 10 Wilbarger County precincts in the state-wide election of Tuesday indicate that both amendments passed by almost a two to one majority. The election was to vote on proposals to increase the salary of the Governor from \$4,000 to \$10,000 annually, and to increase the membership of the state Supreme Court from three to nine members and to provide for a continuous session of that Court.

SHERIFF RECEIVES LETTER FROM BRADSHAW'S SISTER

A letter from Mrs. Crystal Murray, sister of Ben Bradshaw, of Watha, North Carolina, was received by Sheriff R. L. Rheaay this morning, asking for information concerning Bradshaw. Mrs. Murray indicated that she would probably be able to meet the expense connected with caring for Bradshaw here.

Bradshaw has been under the care of the county in a Vernon hospital since May 27, when he was found in an unconscious condition, partially paralyzed in a freight gondola in the Frisco yard here. His home is near Vicksburg, Miss., where he has a small farm. Other relatives have been located in Burgaw, North Carolina.

Ask Sanity Hearing.

Columbus, Ohio, July 17.—(A-P)—Attorneys for Dr. James H. Snook, confessed slayer of Theora K. Hix, 25, his co-ed paramour, demanded a sanity hearing at a conference with Common Pleas Judge Henry L. Scarlett today and he immediately named the attorneys to examine Snook.

SOCIETY

Miss Karcher Is Bride of Young Lutheran Pastor

Miss Lydia Karcher became the bride of Rev. A. Bruns Monday evening at 8 o'clock at the Zion's Lutheran Church with Rev. L. Heinemeier, pastor, reading the ring ceremony.

The church was beautifully decorated with flower baskets of flowers, lending beauty and solemnity to the setting for the wedding. Miss Linda Bruns sang "I Love You Truly", preceding the ceremony, and Miss Olivia Karcher, sister of the bride, played the wedding march. After the ceremony, Misses Bruns and Karcher sang a duet "I Love You".

The wedding party marched down the center aisle, which was outlined with the greenery and flowers. The groomsmen, Monroe Karcher, and Harry Bruns, entered together, and were followed by the bridesmaids, Miss Eleanor Bruns and Miss Frieda Woyte.

Miss Bruns wore an apple-green chiffon with accessories to match, and carried a basket of roses and sweet peas. Miss Woyte wore a shrimp pink chiffon with accessories to match. Her flowers were also roses and sweet peas.

Edward Kieschnick, ring bearer, entered next, and was followed by little Eleanor Wiederaenders and Bobbie Kieschnick, who scattered rose petals.

The bride was attired in a white satin dress, with a white bridal wreath and veil. She wore her mother's brooch. She carried a shower bouquet of sweetheart roses and lilies of the valley.

Immediately following the ceremony, a reception was held at the home of the bride's father, Mr. Will Karcher, after which the couple left for Denver and Colorado Springs.

The bride is a daughter of Will Karcher of Lockett, and is a graduate of the Perchell School of the Lutheran Church.

The groom is a son of Mr. and Mrs. H. Bruns, and is a graduate of Springfield Seminary, Springfield, Ill. He is pastor of the Lutheran Church at Edna, Texas, where the couple will make their home.

EVANGELIST TO DISCUSS SUBJECT OF "LAST WAR"

Rev. R. L. Cotnam of the Cotnam-Gray evangelist party, who are conducting a union revival at the American Legion tabernacle this week, has announced as his subject for tonight "Who Won the World War?" Rev. Cotnam says that he will read the prophecy of the final war that is to come, and will discuss the participants and the victors of the war as prophesied in the New Testament.

The revival started last Sunday night and will continue for an indefinite time. It was stated, it is being conducted on the inter-denominational basis. Rev. R. L. Cotnam and Rev. George E. Gray, of San Antonio, are doing the preaching. A women's chorus is a feature of the meeting, it was stated.

Rhubarb Roly-Poly for Dessert.
Browned Liver
Buttered New Potatoes
Creamed Lima Beans
Head Lettuce and Bellview Dressing
Rhubarb Roly-Poly
Lemon Hard Sauce Coffee

Bellview Dressing, serving six.
1-2 cup mayonnaise
1-4 cup chopped dill pickles
1-4 cup chopped sweet pickles
4 tablespoons chopped cucumbers
2 tablespoons chili sauce
2 tablespoons lemon juice
Mix and chill the ingredients and serve on crisp lettuce or tomato salads.

Rhubarb Roly-Poly, serving six.
2 cups flour
3 teaspoons baking powder
1-2 teaspoon salt
3 tablespoons fat
2-3 cup milk
4 tablespoons soft butter
2-3 cup light brown sugar
1 teaspoon cinnamon
1-2 cup diced, peeled rhubarb
Mix the flour, baking powder and salt. Cut in the fat with a knife. Add the milk, slowly. When a soft dough forms, pat out on a floured paper and roll the dough to a 1-2 inch thick. Spread with the rest of the ingredients. Press into the dough so that the ingredients will not fall out during baking. Roll up like a jelly roll, pinching the edges together. Place in a greased pan and bake in a moderate oven for 25 minutes. Serve warm, cut in 1 inch slices.

Lemon Hard Sauce.
2 tablespoons butter
4 tablespoons lemon juice
1-8 teaspoon salt
2 tablespoons grated lemon rind
2 tablespoons hot cream
1-2 cups sifted confectioner's sugar
Mix the ingredients and beat for 2 minutes. Let stand for 5 minutes and beat for 1 minute. Chill. Serve in thin slices on top of the warm pudding.

To clean soiled paper flowers, dip them in gasoline.

LEGION PLAY TO BE GIVEN HERE

BURKBURNETT POST WILL
FURNISH TALENT IN
WAR DRAMA

Comedy and fast action fill the three acts of the play, "Who Won the War," to be staged in Vernon tomorrow night at the High School auditorium under the auspices of the Vernon American Legion Post, by the Burkburnett Post. The play depicts the life of the doughboy on the western front of 1918 from K. P. duty to a court martial trail in the first act. In the second act action and melodrama lead with the setting in a German dugout.

The play was written by Kirke Mechem and has had successful runs in every city played in the Middle West. The play has been put on almost entirely with home talent by Legion posts. It is directed by H. O. Rupnow, who also appears in the cast of 32 members. Director Rupnow is from Chicago and has been active in public entertainments in several cities since the war. He directed "The Battle of St. Meihel," with a cast of 200 which showed before 100,000 people in Grant Park, Chicago, when produced by the Sol-Sai-Mor Post.

Specialty acts have been arranged by the Burkburnett Post to be presented after the first and second acts. Reserved seats have been placed on sale at Huber's City Drug Store. Children's seats are twenty-five cents and adults, fifty cents. Reserved seats are twenty-five cents additional.

BAPTIST YOUNG PEOPLE ENTERTAINED WITH PICNIC

The young people's department of the Baptist Church met at 7:30 Tuesday evening at the church, and went to Hill Crest where they were served a picnic supper of sandwiches, potato chips, cake and soda pop.

This department is composed of four classes, including the Buckner Bible class.
J. H. Garrett had charge of the entertainment for the entire evening, and the attendance was the largest that has ever been at a picnic for the department.

"It Beats Anything I Have Ever Seen," Says Mr. Dalton

Results From Orgatone Have Been Wonderful Says Well Known Wichita Oil Well Supply Man.

"I have knocked about the country a good deal in my life, and have taken a good many different kinds of medicines, but this Orgatone beats anything I have ever seen for building a man up and relieving him of his trouble," said W. L. Dalton, a well known oil well supply man, who lives at 1504 Austin Street, Wichita Falls, Texas, while he is in the drug store.

"So far as health is concerned," he continued, "I have had a pretty rocky road to travel for the past several years, and until I got hold of Orgatone, it just seemed that I was never going to find a medicine that would overcome my trouble. On account of the awful condition of my stomach, I was not able to eat very much substantial food, and I finally reached the point where the lightest kind of things to eat would sour and cause me to feel bloated up with gas. I also suffered from constipation and had to take a purgative of some kind nearly every day. I tell you, I was in bad shape and if it hadn't been for this Orgatone, I don't know what would have become of me."

"Well, sir, by the time I had taken one bottle of Orgatone I was feeling a whole lot better, and I knew then that I had at last found a medicine that was worth while spending money for. I have taken two bottles of Orgatone so far, and I can truthfully say that I'm enjoying as good health now as I ever did in my life. You just ought to be at my house at meal time and see me eat now. Why, I never had such an appetite in all my life, and I never have indigestion or sour stomach afterwards. No man has sturdier nerves than I have, and I put in about nine hours good, sound, restful sleep every night. I don't have to be taking a purgative every day, either, for I have been completely relieved of constipation. That is what Orgatone has done for me and that is just the reason why I love to tell others about this wonderful medicine."

Genuine Orgatone is not a so-called patent or secret remedy but a new scientific bile treatment containing no alcohol or other false stimulating drugs and is sold in Vernon exclusively by the Vernon Drug Company, who are direct laboratory agents.

RAIL COMPLAINT IS WITHDRAWN

KATY AND KANSAS CITY SOUTHERN FREED OF CHARGES

Washington, July 17.—(AP)—The Interstate Commerce Commission announced today it had dropped anti-trust charges against the Kansas City Southern and the Missouri-Kansas-Texas railroads.

An anti-trust complaint was made by the Commission against the railroads in connection with their purchase of stock in other carriers which the Commission charged was without its authority. Since that time the railroads have disposed of the stock which resulted in the Commission dropping the case.

The Kansas City Southern purchased stock in the St. Louis Southwestern and the Missouri-Kansas-Texas and the Missouri-Kansas-Texas obtained stock in the St. Louis Southwestern.

Wichita Falls on a tour of North and

West Texas covering approximately

2,000 miles, visiting 84 towns in a 10-

day period.

A feature of the visit was the demon-

stration of one of the six-speed spe-

cially loaded with gravel climbing a

42 per cent grade onto a model HS-54

truck. This one-ton truck will out

pull and out perform any other truck

of similar rated capacity, according

to H. L. Terhune of Vernon of Ter-

hune & Orr Hardware Company, local

International dealers.

The trucks in the caravan are from

a three-quarter ton to a two and one-

half ton model with 12 different types

of bodies. The trucks made a thirty

minute stop in Vernon, before leaving

on their schedule south.

CHEVALIER BRINGS A NEW PERSONALITY TO SCREEN

A new matinee idol for motion

picture fans looms on the horizon.

Not, of course, that this particular

actor is not used to the term "idol."

As a matter of fact, he has long been

called "the idol of Paris," where he

has been the outstanding star at the

Folies Gergere and the Casino de

Paris.

To the American public, however,

his is an entirely new personality.

Having signed a Paramount contract,

he has been at work on his first talk-

ing and singing romance, "Innocents

of Paris," at the Vernon Theater now.

In this picture he sings many songs

for which he is so well known and a

number of new ones, featuring one of

the most tuneful theme songs yet

written—"Louise."

His name, of course, is Maurice

Chevalier, acclaimed by critics of two

continents as one of the most engag-

ing personalities in the theatrical

world of our day. He is said to com-

bine the humor and pathos of a Chap-

lin with the silver toned voice and

human qualities of Al Jolson. He is

young and handsome; gay, happy-go-

lucky and decidedly romantic. And

he has the most delightful accent yet

heard on the audible screen. In brief,

Chevalier has that indefinable some-

thing that should make him a prime

favorite with audiences everywhere.

TIME TO GO AHEAD

A phase of county affairs which may escape attention from many people is that now is a splendid time for improvements of and the building of bridges needed in several sections. Taxable values are at a high level due mainly to the fact that our oil fields continue to expand and furnish new values.

Though it is to be hoped that our oil industry will continue on a big scale for many years, yet we must realize as a matter of experience that oil fields sooner or later become exhausted, and when that time arrives we must expect a shrinkage in taxable values. Of course, the county may develop along other lines and thus keep pace with possible diminution in the source of wealth furnished in oil, but this will depend very largely upon two factors—how rapidly our oil values may diminish and how wisely we develop along other lines.

The announcement of the total valuations for 1929 the other day, together with the statement that approximately a third of our total of values are furnished by the oil industry, should serve to emphasize two or three phases of the local situation. In the first place, the oil industry has developed much more rapidly than the average man suspected. Unless one pays a visit to the oil fields, he is not likely to appreciate the magnitude of this one industry. Thousands of people owe their livelihood directly or indirectly to the oil business. Many of them make their homes in and near the oil fields.

Thus we have a considerable proportion of our population living in a section of the county, which, until oil was discovered, was almost uninhabited. We formerly thought nothing of roads and schools in the southern half of the county because there was little need for them. Now there is large need of both, and to make the case a little more emphatic the section now furnished through taxes a very large share of the cost of running the county government. People are entitled to public conveniences, even if their contribution in taxes far exceeds what would be considered adequate conveniences.

So now is the logical time to extend and improve our road system. We have flush oil production to help pay the cost and the oil industry is entitled to be served with adequate roads and bridges. It is both good business and good equity for all concerned to push forward our road program with all possible haste.

A VICIOUS POLICY

Recently the Legislature passed a bill appropriating some \$8,000 to assist in defraying the cost of replacing a school building which had been destroyed by fire and cyclone. Of course, the sum of \$8,000 is very small when compared with the total resources of Texas, and if the amount of money appropriated was the only issue involved there would be no occasion to quarrel with the action of the Legislature.

But if it is a proper expenditure of State money to appropriate \$8,000 to relieve the distress of a single

school district, why wouldn't it be proper to appropriate \$80,000 or even \$800,000 in other and similar cases? Suppose our own high school here in Vernon should be destroyed by fire, would we have a right to expect the State to reimburse us for the loss? Fire and tornado insurance on school buildings may be carried at nominal cost and if the citizens of any school district are so careless in handling their affairs as to elect trustees who haven't sufficient business judgment to take out insurance the people of that district should suffer the consequences.

It is obvious that this sort of policy can be pursued to the point that will not only encourage negligence and indifference, but will also amount to deliberate and flagrant abuse of the power to appropriate public money. This matter of appropriating \$8,000 to indemnify a school district in the loss of its building is but another outcropping of a similar abuse which has grown up in Texas in the last few years. A number of counties have been exempted from State taxes for various reasons. Originally, if memory is correct, this principle was invoked to aid Galveston in its work of rehabilitation following a disastrous storm some years ago. More recently counties with ambitious local improvement programs successfully besought the Legislature to remit their State taxes, thus doing indirectly something which could not be done directly.

In cases of great disasters there may be some warrant for bounties from the State Treasury, but to appropriate money to help pay for a school building which could have been insured against loss at the cost of only a few dollars a year constitutes such a flagrant abuse of authority that it is surprising that a Texas Legislature could be induced to approve it. Local bills, it seems, might be scanned a little more carefully by our lawmakers.

Floods Reported in India.
London, July 17.—(AP)—Exchange telegraph dispatches from Bombay today said widespread floods were reported in the Sind division of that province. At Sukkar Barrage the township was submerged, with 12 deaths. In middle Sind hundreds of cattle died from exposure in torrential rains. Miles of desert have been transferred into a huge lake.

LEGISLATURE TO
QUIT SATURDAYAPPROPRIATION BILLS ON
GOVERNOR'S DESK
FOR APPROVAL

Austin, July 17.—(AP)—Although sine die adjournment has been put off until Saturday noon, the third special session of the Forty-first Legislature had virtually completed its work today.

With all appropriation bills, totaling \$47,792,936, having gone to the Governor, as well as the measure withdrawing from the market unsurveyed public school lands and beds and channels of rivers, only minor business remained unfinished.

The Senate had the Coltrine House bill making it more difficult for condemned prisoners to obtain a hearing before a district court on a plea of insanity. Under its provisions an affidavit of a Sheriff, County Physician or warden or physician of the penitentiary would be necessary to obtain a sanity trial for a prisoner. Under the present law any individual could make oath that he had reason to believe the prisoner insane and the court be compelled to order a hearing. The House had cleared its deck and adjourned until 2 p. m. today.

It will be almost solely a matter of adjourning from day to day until Saturday in order to save bills introduced yesterday and today from the constitutional inhibition that they be not

considered if introduced within three days of final adjournment.

Governor Moody has indicated he would accept the appropriation bills as repassed with totals more than \$3,000,000 under the measures disapproved by him at the end of the second special session on July 2. He indicated he would veto some items from the bills to reduce the total of all appropriations authorized by the regular and special sessions of the Forty-first Legislature to approximately \$50,000,000.

INDIAN WAR VETERAN
DIES IN CALIFORNIA

Los Altos, Calif., July 17.—(AP)—The death here Monday of Col. William Graston Austin, 61, former Army officer and Indian fighter of Texas became known last night. He settled here a few years ago after his retirement from the Army.

Col. Austin held the congressional medal of honor for his campaigns against the Indians in the Southwest. In addition to his widow and two daughters, a sister, Miss Susan Austin, and a brother, Andrew Austin, both living in Texas, survive him.

BENEFACITOR OF MANY
CHILDREN IS DEAD

Del Rio, July 17.—(AP)—J. H. Wilcox, 76, who adopted and reared to maturity 47 boys and girls, has ended his long sponsorship of youth. He died yesterday with one of his foster sons, Cecil Wilcox, 21, at his bedside. Wilcox had been caring for the aged man whose marriage had been childless.

BEAUMONT EXPORTERS TAKE TOP IN TEXAS LEAGUE

CLUBS OF NORTH HIT SKIDS WHEN INVASION OPENS

Shreveport Is Alone in Winning Opening Game of New Inter-Sectional Series, as Spudgers, Cats and Steers Get Trouncing in First Starts.

(By The Associated Press)

It might never happen again, so look sharply. The Beaumont Exporters topped the Texas League pennant procession today by 12 points, the first time in some 10 years a Shipper nine has led the race at this stage of the game.

Claude Robertson's hearties accomplished the modern miracle yesterday by scoring their sixth straight triumph at the expense of the truculent Wichita Spudgers. The count was 6 to 3, and Big Elmer Hanson had the Spuds on his hip all the way, so to speak.

By battling their way into the van after a week start in the second half, the Exporters have proved themselves an appreciative lot. It is said on good authority that friendship for Rube Stuart, genial owner of the club, caused at least one magnate to vote for the split. Nobody seemed to think it would make much difference to the somnolent Shippers one way or another, but it now appears the Magnolia entry needed just a little encouragement to get mean.

What happened to the Spudgers also happened to two other northern clubs that launched campaigns in the Southland. San Antonio greeted the Steers with a 7 to 6 reverse and the Buffaloes blanked the Cats, 7 to 0, as Jim Lindsey finally marked up his thirteenth victory. Only the Shreveport nine was able to bump the home-ings, Waco succumbing to Oscar Tuero's splitter, 8 to 2. There was a feeling that the south end of the circuit had taken a brace in recent weeks, and results of the opening skirmishes bear that out.

At Beaumont it simply was a case of Hanson having another of his spacious days. He can look very ordinary

Plans To Retire

JACK QUINN

Twenty-nine years in baseball is enough for one man, says Jack Quinn, who throws twisters for the Athletics.

Jack, who was christened John Quinn Picus, was 44 years old July 5. That is the way the records have it. Jack looks like he might be 50. Yet he throws like he was 25.

Anyway Jack has announced his retirement effective at the end of this season.

For weeks, then get hot as a firecracker. He did not allow a Spudder to reach first in the last four innings. Three Spud chunkers were roughed up, Dutch Wetzel, San Antonio cast-off, jarred one of them for a home.

It took Lindsey five tries to win his thirteenth, but he did it right when he finally succeeded. Six singles was the sum total of the Cats' attack and five fanned. In snapping a losing streak that had reached six straight, the Buffs pounded McCabe and Deveney for ten hits. Roy Moore had a big day, his homer and single driving in four runs.

The Indians drove Charlie Barnabe, league mound ace, to the showers in shading the crippled Steers. Frazier took it over just in time to be charged with the loss. Barnabe is lucky that way, the same thing having happened in four of his last six efforts. Ray Plaskamper, sterling Dallas shortfielder, returned to the game after two weeks' absence and was stationed in the outfield.

Home runs by Mellano and Warwick gave the Cubs their only runs off Tuero, their former teammate. The Cuban veteran allowed but seven hits and was never in danger. Bernie Deiveiros, Sport shortstop, was a target for Cub batsmen. Twelve lamed the ball at him, but none reached first.

REIGH COUNT, 1928 TURF CHAMPION, CLOSSES CAREER

Chicago, July 17.—(AP)—Reigh Count, champion of the American turf in 1928, is home—his racing days are over.

The big red colt, owned by Mrs. John D. Hertz, yesterday was led from a special car at the station at Cary, Ill., from where he set out a year ago last April, to build his claim as ruler of the country's thoroughbreds.

His arrival at the stables of the Leona farms marked the end of his return journey from England where he just failed to gain the victory he was sent after, the Ascot stakes.

Mrs. Hertz said Reigh Count would not race again unless English or French sires of the track invade this country next year.

SECOND PLACE TIE IS DUE TO UNKNOT TODAY

Christians and Baptists Meet This Afternoon and Winners Will Slip Into Undisputed Second Position, While Losers Will Descend to Cellar.

The league standing:

Team	P.	W.	L.	Pct.
Presbyterians	5	4	1	.800
Baptists	5	2	3	.400
Methodists	5	2	3	.400
Christians	5	2	3	.400

The three-team tie for second place in the Vernon Sunday school league is due to be broken when the Baptists and Christians meet this afternoon on the City Park field in the mid-week game. The Christians were victorious in the last meeting of the teams, and have always been a menace to Baptist hopes, even through the first half of the season.

The winner of today's game will stand in second place in the league running with a percentage of .500. The loser will have undisputed occupancy of the cellar, while the Methodists will hold third place. The Presbyterians continue to hold the top rung of the ladder and bid fair to stay in that position. They lost the first game of the second half and have won all the rest. A bevy of candidates for positions on the Presbyterian team has made a wide choice possible for the manager and he has taken advantage of the opportunities. At least three more games, two of which the Presbyterians must lose, must be played before their mark is surpassed.

Buzbee or Carl Simmons will do mound duties for the Baptists this afternoon. Both were out of Monday's game but Manager Foster said yesterday he would have a good lineup today, including the favorite draw the hurling assignment for the Christians. Ross will be ready for relief duty if needed.

The Baptist lineup may consist of the following: Foster, short stop; S. Dobbs, second base; Bridges, left field; F. Dobbs, first base; Wolfe, third base; Hardison, right field; Simmons, center field; Teel catcher; Buzbee, pitcher.

The Christians may present the following to start the game: Bur, ss, shortstop; Koonz, second base; Wilkins, first base; Shoemaker, third base; Stiffler, center field; Wright, right field; Currin, left field; Buchanan, catcher; Dalmasso, pitcher.

Smaller Fields Is One Cause of Big Batting Averages

New York, July 17.—(AP)—"Gabby" Street, one of the great catchers of baseball 20 years ago can hardly believe his eyes as he sits on the bench of the St. Louis Cardinals and sees base hits rain from National League bats.

The man who marched to fame as the battery mate of Walter Johnson returned to the majors this year as a Cardinal coach after many years as a minor league manager.

"There is more hitting now than when you were an active player," was a suggestion designed to draw out the veteran on the subject of baseball then and now.

"More hitting," snorted the old catcher. "Why a club makes more runs in one game than we did in a week."

"At Washington in 1909 we had such pitchers as Walter Johnson, Tom Hughes, Bob Groom, Bill Burns and Dixie Walker. Our pitchers didn't allow but about 15 runs a week. We finished last, even with that pitching, because we could only score about ten runs a week. We didn't have much offense. We lost a lot of games 2 to 1 and 3 to 2."

"I think one of the biggest differences is the size of the ball parks. So many people want to get in now they have to have some place to put them so the stands are built where the playing fields used to be. In the old days we had plenty of room. All our players fields were like this big park in Boston."

Loughran Favored To Win Encounter Against Braddock

New York, July 17.—(AP)—Tommy Loughran, busiest of all the fistic champions, will defend his light heavyweight crown against James J. Braddock of Jersey City, at the Yankee stadium tomorrow night in what may prove to be his last fight as a 175-pounder.

Winner or loser in his battle with "Jersey Jimmy," Loughran is authority for the statement that he will engage in few if any more bouts as a light heavyweight.

Despite his frequent title defenses and non-title bouts, Loughran has made little money out of the title he won from Mike McGuire in October of 1927. The big money lies with the heavyweights and Tommy is convinced he can more than hold his own with any of the current crop in that division.

He has said that if he beats Braddock he will fight again as a light heavyweight in September and then cast his lot definitely with the heavyweights. If he loses he has said he expects to take a vacation and see what he can do in the way of putting on more weight and adding a punch to his fistic repertoire so that when he meets the big fellows he will not be under such a handicap.

Betting odds on the day before the fight favor Loughran at 7 to 5 but an expected rush of Braddock money may tighten the odds before ring time.

NATIONAL LOOP LEADERS SLUMP

RACE IN SENIOR CIRCUIT IS TIGHTENED WHEN TAILENDERS WIN

(By The Associated Press)

Under dogs had their day in the National League yesterday as all of the leading teams tumbled in a heap, preventing any contender from gaining.

In the American League the Athletics retained their lead of eight games by defeating Cleveland, 7 to 5, in ten innings as the Yankees coasted home by 11 to 7 at Detroit.

In the general annihilation of contenders along the National League front, the defeat of the Pirates was most notable. The Buccaneers had a record of eight straight in the East until Bob Smith pitched the Braves to a 4-to-1 decision yesterday. Brame was pounded for all the Boston runs in the very first inning, and Smith clinched the decision by stopping the Corsairs with four hits.

Claude Willoughby aided by the home runs from the bat of Charlie Klein, was just a shade too tough for Pat Malone, and the Phillies won by 6 to 5. Bengie was called in to help Willoughby in the ninth when the Cubs began making threatening gestures.

Klein's two homers ran his total for three games to five, tying the major league record held by Babe Ruth and several other players. Klein also established a new modern mark by ringing up three homers in three successive times at bat, the last time up on Monday and the first two yesterday.

Sylvester Johnson hit winning form at the Polo Grounds when he let the Giants down with seven scattered hits, and won his own game by 5 to 0, by sneaking out a home run with one on in the fourth. Fred Fitzsimmons had an off day, and the Giants missed a chance to shave something from off the teams ahead of them.

Jack Hendricks continued his campaign to escape from the cellar, and approached to within three points of his goal. The Reds took both ends of a double-header from the Robins in Brooklyn, 5 to 3 and 7 to 2.

The White Sox worked hard to edge out the Senators by 6 to 5 in ten innings, and the Browns consolidated their collapse by yielding another game to the Red Sox. Milton Gaston hurled a three-hit game to win by 11 to 2. It was the second three-hit performance against the Browns in the three games of the series played thus far.

DRY LAW LETTER STIRS COMMENT

WICKERSHAM SUGGESTION IS SUBJECT OF TALK BY GOVERNORS

New London, Conn., July 17.—(AP)—The suggestion of George W. Wickersham, head of President Hoover's law enforcement commission, that enforcement of the prohibition law be divided between the Federal and State agencies provoked varied comment from state governors assembled here today.

Such of the state executives as expressed an opinion gave little support to Mr. Wickersham's suggestion that an adequate division of enforcement authority might lead to modification of national and state laws to make them "reasonable enforceable."

The prohibition question came squarely before the governors' conference yesterday when Governor Franklin D. Roosevelt of New York, principal speaker at the crime session, read the Wickersham letter. The letter described prohibition as "a most serious subject" and suggested a division of authority under which the Federal Government would undertake to prevent importation and transportation of illicit liquor in interstate commerce, while the states assumed responsibility for suppression of sale, saloons and speakeasies and other local problems.

LETTER GENERALLY APPROVED IN WASHINGTON COMMENT

Washington, July 17.—(AP)—Proponents of both the wet and the dry viewpoints have found something to their liking in the suggestions bearing on prohibition contained in the letter of George W. Wickersham, chairman of President Hoover's law enforcement commission, as read to the governors' conference at New London, Conn.

Comment was withheld in some quarters pending a clearer interpretation of his remarks on the subject. Among the dry spokesmen who did comment, the suggestion that prohibition enforcement responsibility be divided between the state and Federal Governments received the greater emphasis, while the wets apparently were more impressed by his remark about the possibility of modification.

The sentence in his letter which thus proved at least partially pleasing to both groups read:

"If the National Government were to attend to preventing importation, manufacture and shipment in interstate commerce of intoxicants, the states undertaking internal police regulations to prevent sale, saloons, speakeasies and so forth, the national and state laws might be modified so as to become reasonably enforceable, and one great source of demoralizing and pecuniarily profitable crime removed."

The sentiment contained in that

and preceding sentences favoring more co-operation in enforcement efforts by the states brought prompt expressions of approval from Assistant Secretary Lowman of the Treasury, and Commissioner Doran of the Prohibition Bureau, but they declined to comment on other aspects of the letter without further examination.

At the same time, the letter was hailed by Senator Walsh, Democrat, Massachusetts, a wet, as "an encouraging sign" that "a new leadership may arise which will substitute a sane rather than an unreasonable and purblind attitude toward the prohibition question."

Dr. Clarence True Wilson, general secretary of the Methodist Board of Temperance, Prohibition and Public Morals, was absent, but Deets Pickett of that organization, said "our own opinion for years and our statements have been in agreement with Mr. Wickersham's proposal that the detailed police work should be done by the states and the municipalities."

ONLY TWO RESCUED WHEN CHILEAN TRANSPORT SINKS

Valparaiso, Chile, July 17.—(AP)—Forty-one officers and crew of the Chilean transport Arto were missing today—apparently drowned—after sinking of that ship yesterday off this port in one of the most violent storms here in years. Only two of its crew of 43 were saved.

At noon the transport radioed an appeal for help which three boats answered, the Flora, the Antartico, and the Imperial. The Imperial picked up the boat's main mast, Enrique Aranda, and the Antartico, the sailor Francisco Miranda.

Two others, destroyers, found several bodies among wreckage from the ship. It did not appear likely there are any survivors as yet unreported.

Heavy seas and high winds kept rescue ships outside the harbor today. The storm raged over southern and central Chile all day and was particularly severe off the ports of Valparaiso and San Antonio. Telegraphic communications on land to the south were interrupted partially.

Canadian Ship Sinks.
Prince Rupert, British Columbia, July 17.—(AP)—The Canadian halibut fishing vessel Margalice sank in Cape Channel on the west coast of Queen Charlotte Islands yesterday. Captain Christenson, the owner, and his brother, Hans and Oscar, were on board, but it is believed there was no loss of life.

CONCILIATORY ATTITUDE BY BOTH CHINESE AND RUSSIANS RELIEVES EASTERN SITUATION

Nanking, China, July 17.—(AP)—China's nationalist government has replied to Soviet Russia's ultimatum growing out of Manchurian seizure of the Chinese Eastern railway, the Nanking government's answer being dispatched just within the three-day time limit named by Moscow.

The Nanking note, after seeking to justify events in Manchuria, contained three points of salient importance:

(1) That Nanking "very soon" will send Chu Zao Yang, former Ambassador at Moscow who is now in Nanking, to Moscow to discuss matters pending between the two governments.

(2) A demand—which was emphasized as not a counter demand—that the Soviet release all Chinese imprisoned in Russia.

(3) A similar demand that the Moscow government protect adequately Chinese nationals in Russia from aggression and repression.

Almost coincidentally with dispatch of the government's reply to Moscow it was revealed that 15,000 Manchurian troops had been mobilized within the past 48 hours for strategic positions on the border, principally at Manchuli, terminus of the Chinese Eastern railway.

In justifying seizure of the Chinese Eastern and expulsion of its Russian officers and employees the note declared they and Russia had not abided by the agreement of 1924 fixing the relationship of the two countries with regard to the railroad and the actions taken were necessary to preserve order in Manchuria.

The charge was made that Soviet Russian agents in Manchuria, had spread Communist propaganda so as to endanger the Chinese government and its social system.

The Nanking note was a reply to the Soviet note handed the charge at Moscow, Saturday at midnight, the last of which was received in Nanking by President Chiang Kai Shek yesterday morning. Moscow demanded release of arrested Russians, cancellation of illegal orders presumed to mean taking over the Chinese Eastern—and submission of questions affecting the two countries to negotiations.

The Nanking reply was preceded by the statement of an official spokesman that "the national government considers the alleged crisis of comparatively easy settlement." No official explanation was offered of what was regarded as authoritative information however of extensive additional movements of troops to Manchuria.

RIOTING CONTINUES THROUGH NIGHT IN SOVIET CAPITAL

Moscow, July 17.—(AP)—Moscow rang until an early hour today with popular protests and demonstrations against the Chinese government, despite announcement of what was considered a conciliatory communique from the Nanking government.

Russians and Chinese expatriates stormed the Chinese embassy on the Prapokir Pereulok, throwing eggs, sticks and stones, and smashing windows panes. War helmets, heavily armed regiments of "Caucasians" (secret police) cavalry, and infantry were hard put to preserve order.

Inside the embassy the demonstration, which increased in intensity as night went on, caused a panic among the staff of 20 or more who huddled together in one of the rooms in suspense. They were pale and haggard.

Sia Wen Sun, Chinese diplomatic representative, told the correspondent, he had not left the embassy for two days and had not slept for two nights, cabling message after message with the hope of some word which would relieve their suspense.

The Tass Agency, official Russian news source, issued the following: "Friends of peace breathed freer when the Chinese diplomatic representative here submitted to the foreign office a conciliatory communique from Nanking, saying:

"Although the entire cable containing the Soviet protest demanding a reply by a given date has not been received its main idea is already understood. Our government ordinarily maintains peaceful relations with the Soviet Union and although the Harbin incidents necessitated taking measures regarding the Chinese Eastern railway these cannot affect existing relations between the two countries.

"Ambassador Chu Zao Yang soon will return to his post but if the Soviet government has the same opinion of the subject it may be deliberated by both sides. In our opinion all problems must be solved on the basis of existing agreements and thrashed out at the conference. Under such conditions the questions will be solved easily.

The communique ended declaring the Nanking government would reply to the Russian note immediately after the full text was received.

Tass simultaneously published a statement that the Soviet government did not intend to reply to the Chinese communique but would await the actual reply to its note (the ultimatum) of July 13.

THREE RESCUED FROM BURNING ROOMING HOUSE

Houston, July 17.—(AP)—Two men in their night clothes were rescued by ladders, a sick man was carried out on a cot and three other occupants of a downtown rooming house were forced to flee for their lives early today when a fire threatened the building.

Two passersby noticed the blaze and notified the rooming house operator. The sound of breaking glass, shouts for help from two men trapped upstairs and the screams of a woman who ran about the house awoke the entire neighborhood and brought nearly 100 persons to the scene.

Cause of the fire was undetermined. Damage was estimated at \$1,500.

MARKET AID IS BOARD POLICY

FARM BODY WILL SEEK TO WORK WITH PRESENT ORGANIZATIONS

Washington, July 17.—(AP)—Reduction of the marketing costs of agricultural products will be sought by the Federal Farm Board as a means of boosting the farmer's returns without adding a corresponding increase to the consumer's expenses.

To accomplish this objective, the Board has set itself to the task of organizing the farmer's marketing facilities on a gigantic national scale, working all the time "with and through established groups of farmers who are organized or who may be organized on a basis of specific farm commodities."

Declaration of this policy was given in a statement by the Board with an announcement that the members would go to Baton Rouge, La., July 29, to attend the meeting of the American Institute of Co-operation, during which they expect to confer with national leaders in co-operative marketing.

The Board's announcement warned that "deliberate" action must be expected. It was revealed that several appeals are pending from agricultural groups, but no hint was given as to the probable disposition of the \$150,000,000 which the Board already has available out of the \$500,000,000 loan fund.

Cite Editors for Contempt in Race Injunction Case

Cleveland, Ohio, July 17.—(AP)—Louis B. Seltzer, editor of the Cleveland Press, and Carl K. Matzen, chief editorial writer, were held in contempt of court by Common Pleas Judge Luther P. Walther today. They were sentenced to 30 days in jail and fined \$500 each.

Judge Walther, who heard the charges brought by himself as a result of an editorial in the Press criticizing his granting of an injunction to racing interests, ordered immediate execution of the sentence.

The jurist denied a motion for a stay of execution, saying there was no statute to support it. Newton D. Baker, former Secretary of War and chief attorney for the newspaper men, hurried to the Court of Appeals to attempt to obtain bond for the men pending further efforts for a stay.
